

HOW TO PLACE AN ORDER

Placing an order with us is very simple... just please tell us 4 things so we can help you better and fastest.

- **The day**
- **The time**
- **The part of town**

And what you want... a Singing Telegram (and which character) or Party character and which one as it is named under each picture here on our website or a Clown or a Puppet Show or a Magic Show or a Petting Zoo or Pony Ride or a Carnival attraction and which on.

If you tell us all 4 - The Day - The Time - The part of Town - And What You Want - we can quickly tell you if it's not sold out and exactly how much if there is a gas travel fee to your city.

You make a reservation over the phone at (818) 895-4881 with a Visa or Master Card or Pay Pal.

Singing Telegrams are paid in full and then you get an email confirmation with many questions you can answer for the performer to make a funnier longer improv in between all the singing just like in the videos on singing telegram page.

Kids party entertainment requires only a deposit usually \$25 (more for higher priced attractions) and the balance to be paid in cash when the entertainment or attraction arrives at your party. You also get an email confirmation.

There is really no need to call and ask what we do because all the written descriptions here is what you will be told and we are the only party entertainment company that besides pictures of everything ALSO has actual real time video of our entertainers at parties doing live singing telegrams with the comedy improv and singing you will get, and kids party characters and clowns doing the games and comedy magic show and balloons and face painting that you can get if you buy enough time for them to do it all with the amount of kids that are at your party....

We hope that all the above will make your ordering party fun a simple and enjoyable experience and THANK YOU so much for letting us help your party be a blast!
